

**PRESS RELEASE
FOR IMMEDIATE RELEASE
May 7, 2013**

Lincoln, Rhode Island - ACS Industries, Inc. ("ACS") announces the purchase of assets from the Glit Division of Continental Commercial Products, LLC, together with the opening of its new manufacturing and distribution center.

ACS purchased the newest of Glit's four non-woven pad production lines from the Glit plant in Wrens, Georgia. ACS also purchased Glit's automated floor pad and hand pad cutting and packaging lines.

The Glit production equipment, along with state-of-the-art upgrades is in the process of being installed in ACS' new plant in Monterrey, Mexico (shown below).

ACS purchased all inventory and rights to Glit's CYCLONE® and CYCLONE D® diamond coated floor pad line.

Founded in 1939, ACS Industries, Inc. will soon celebrate 75 years in business under the same family ownership. Sales are divided into three categories: automotive airbag and exhaust components, industrial products, and cleaning products for the janitorial and foodservice industries. ACS manufactures in four factories and has over 2,000 employees.
