

Majestic Glove wins 2016 New Product of the Year Award!

Majestic's most advanced cut resistant glove was honored on September 20th for winning a 2016 OH&S Product of the Year Award. This award recognizes the outstanding product development achievements of health and safety manufacturers whose products are considered particularly noteworthy in their ability to improve workplace safety.

See for yourself why the Cut-Less® Diamond 37-1300 offers the leading combination of cut protection, comfort and durability. Contact your Majestic Representative today for a free cut resistant glove evaluation.

CUT RESISTANT GLOVES
SO COMFORTABLE
YOU'LL THINK THEY'RE PAINTED
ON YOUR HANDS!

Majestic Glove has intensified your safety standards once again and developed one of the most advanced cut resistant gloves with the best fit and feel the world has ever seen!

37-1300

Majestic gloves made with Dyneema® Diamond Technology offer the leading combination of cut protection, comfort and durability. At pound-for-pound fifteen times stronger than steel, Dyneema® is the world's strongest fiber.

- Light knit high performance 18-gauge 3G12 made with Dyneema® Diamond Technology
- Protection from the inside out – these gloves are treated with Sanitized hygiene to inhibit bacteria, therefore minimizing odor development and promoting freshness
- Soft gray polyurethane palm coating for increased dexterity and grip in industrial applications
- Long knit cuff for more secure fit and increased cut protection
- Pre-curved finger design to minimize hand fatigue
